Skating Expert**

will appear at

Royal Roller Rink

**SEPTEMBER
12-13**

Performance begins at
9.15. Skating before
and after performance

PERSONAL NOTES

Amelia Greenwood of Healdton is in the city on business.

Russell Williams has returned from a business trip to points in Texas.

Mr. and Mrs. D. M. Peterman have returned from a pleasant stay at Sulphur.

G. A. Montgomery of Marietta, a prominent attorney of that city, is in Ardmore on business.

Mrs. M. C. Frederick has returned from Hamilton, Texas where she has been visiting friends.

Misses Bertie and Bessie McCoy have returned from a visit to Durant, Caddo and other points.

Assistant Postmaster Louis Boyd returned this morning from a few days' visit to Oklahoma.

Mrs. Hal Cannon left today for Gainesville, where she will spend a few days with relatives.

Charles Roberts of Ardmore is in the city, the guest of his uncle, A. B. Morgan—Chickasha Star.

Dr. J. B. Dudley and brother Marlin Dudley of Marysville, Texas, were in the city this morning en route to Madill on a business trip.

George P. Stubb of Arkansas City, Kansas was in the city yesterday to spend the day with friends. Mr. Stubb is en route to Waco on a visit.

J. A. McNaught returned today from a trip through Montana. Mrs. McNaught who accompanied him has not yet returned, but will remain in that country for some time.

H. M. Buchanan of Gainesville who came here to witness the marriage of his brother, Hal Buchanan, yesterday to Miss Nell Blake, returned to that city today.

W. A. Gilliam has returned from Portales and Texico. N. M. Mr. Gilliam says that country is nothing to compare with this, and he did not make investments there.

Rev. Spragins who conducted the ceremony in the wedding of Mr. Hal Buchanan and Miss Nell Blake, which took place yesterday morning, returned to his home at Sulphur Springs today.

Don Russell of Pittsburg, Texas is in the city to spend a while. Mr. Russell is assistant cashier of the First National bank of his town. For the present he will retain the position of bookkeeper for the First National bank of this city.

Born to Mr. and Mrs. W. A. Worley, a daughter.

ROYAL ROLLER RINK

Opened the Season with a Star Performance.

The Royal Roller Skating Rink was opened last night for the fall and winter season. The occasion was taken advantage of by a host of lovers of that sport and the large skating hall was crowded before the performance began. The First Regimental band furnished music for the occasion. Their concert began at an early hour. General skating by the lovers of this sport was begun and for half an hour the floor fairly rang with the song of the skates. At the end of that time the floor manager introduced Prof. Monohan, the feature skater of the evening, who had been employed to do fancy and trick skating. He skated to the center of the rink and immediately began his fancy and trick skating, and tricky it was. His ability to do anything on skates which can be accomplished is not doubted by those who saw him last evening. The trick of skating on a two-wheel skate, on which he did his famous light scene skating, was something the like of which was never seen in Ardmore before. On these skates on which the average skater could not stand, he came at a great rate of speed through a number of lighted candles placed on the floor. The lights in the building had been turned out and Prof. Monohan skated for a few minutes around and through the lighted candles. His work was loudly cheered and his first performance was received by Ardmore people with loud applause. He will appear again tonight in this act and others. This is his last night here.

After the fancy skating general skating was indulged in until a late hour by the local skaters, and the evening passed off very pleasantly. The skaters of the city had not had an opportunity to enjoy this sport for some time as the rink has been shut down during the warm weather, and the opportunity last night was taken advantage of by a large crowd.

Announcement.

I have resumed my class on piano. Additional advantages will be offered in accompanying the violin, ensemble practice and elementary harmony, without extra charge.

EMANUEL LOWENSTEIN.

CAL STEWART ON TRIAL

(Concluded from Page 1-)

my brother from out that way," and he motioned his hand to the east. Yes, to the east. I just asked him what was the matter, and he said "Some one shot my brother from out that way" and indicated to the east. There was a wire fence there, I believe that it was meadow land there. That's my recollection of it. I did not pay much attention to that. We did not stop there. We were driving in a walk at the time I saw little blood on the right side of the man there in the road. His right side was nearest to me. The other man told us he had been shot, I did not see any blood on the ground but I did not pay any attention to that. After we passed he went to the back and got the cushion. I do not know what he did with it. He dropped it down there by his brother. We stopped at the farm house there for a minute. Brack stopped there and told the men. The house where we stopped is about three-fourths of a mile from where the killing was. I did not see any one after passing the Stewarts until we got to this house. We met a buggy about a half a mile from this house. I did not notice what kind of horses they were driving. My recollection of it is that this had one horse. I do not know whether it was a top buggy or not. I do not know how many people there were in the buggy. One I believe. I am sure there was a man in the buggy. I did not pay much attention to that. We met people all the way from there to Marietta. I guess we went two yards before we quit looking back. He seemed to be crying. Cal did, I think he was.

Witness excused.

Frank Williamson being first duly sworn testified:

Deputy by Mr. Potter: My name is Brack Williamson. I live in Burneyville. I did not know Cal Stewart, the defendant, nor did I know Ben Stewart, the deceased. I saw them on the road the 11th day of last August, 1906. I did not know Ben Stewart.

I had been over to Holder grape hunting. We went on the day before, Monday. I was in the back with Ben Shaw and his wife and child. The other back was ahead of us. Charley Anderson, Sam Gaines, his wife and Mariah Shaw were in the front back. I guess they were 150 yards ahead of us. Yes when we met the Stewarts. We met Mr. Hall before we saw the Stewart boys. I knew Mr. Hall. He was in a wagon. I met him right in the road at the edge of the woods and east of the killing. That was about half a mile from where I met the Stewarts. After we met him we did not meet any one else until we met the Stewarts. I did not hear any shooting that day. I saw while back before I did the men. There was no one in the back when I first saw it. It was standing still. The team mules' heads were towards the south. The back was on the south side of the road. I suppose we were about 100 yards from the back when I first saw the men. I never noticed the man in the road until the back ahead had passed by. When the first back passed the Stewart back then I saw the defendant in the road. He was motioning to the people in the other back when I saw him. I could hear him saying something but I could not tell what he was saying. Finally he turned and came over towards us. I told the man doing the driving to stop and see what he was saying. He said, "Come on boys. Come quick, some one has shot my brother." We drove up there and I jumped out. Cal turned around and came back and I and he got to his brother about the same time. I do not know whether he said anything after we passed him before we got to his brother. He did not say what he wanted me to do. He wanted us to stop. That is why we stopped. I asked him who is that man and he said it is my brother. I said what is his name and he said Ben. I said Ben who and he did not answer me. I repeated that two or three times and he said Ben Stewart. They started to leave and he said let them go and you stay here with me. I told him I could not. He told the folks to go. I told him that I could not stay. Then he asked me to send a doctor there as soon as possible. Ben was lying on his back when I got there. His feet were to the west and he was 12 or 15 feet from the back. The back was on the south side of the road. He had a little coat or some kind of a little bundle under his head and a cushion was lying there by his side. I did not try to speak to Ben. Cal got down over him and called him two or three times but Ben did not answer him. He only made a fuss as though trying to get his breath and then Cal kissed him and said poor fellow. He tried to speak to him several times while I was there. Cal seemed to be in great distress. I stayed there probably for a minute and a half and he told me to send a doctor there quick. I got in the back and went on to Marietta, and I stopped a minute at Dr. Williams and told him that Ben

Stewart was shot and a man there jumped on a horse and started that way. I suppose he went over there. I went on and met a man and his wife in a buggy. I did not know them. We met these people there close to where Tom Love's widow lives.

Cross by Mr. Walker: I overtaken the first back at Dr. Williams. I do not know that it stopped there but I believe that they did. I am not sure about that. I told the people there about the shooting and a man jumped on a horse and started that way. I started on to town and met a man and his wife in a buggy about a half mile west of there. Cal came down the road toward us and said, "Come here quick, some one has shot my brother." I said, "Who shot your brother, Mr. Stewart?" and he said two men and that they run out down there. Run out there in the grass. The action was east of there. I did not see anybody in the direction indicated by Mr. Stewart. It was open country. Prairie and the grass there was about three feet high. I looked but did not see any one. I heard no shooting. I said how long has your brother been shot and he said two or three minutes. I suppose the man we met there at Dr. Williams was 35 or 40 years old. I never saw him before that I know of. The road was level there where we met him. We met several people after that, all going toward the killing. I met Mr. Hall before I got to the place of the killing. He was the only person I met before I saw the Stewart boys. I did not put my hand on Ben Stewart. I saw the blood in his clothing. I did not see any powder marks on his clothing. I did not look for anything of that kind. I made no examination for that purpose. I suppose I was there for a minute and a half. I saw some blood on his clothes. Ben Stewart was alive at that time and was when I left town. When Cal spoke to him he kinder moved a little but he never opened his eyes. The cushion was set under his head. There was something under his head.

Harry P. Howard being first duly sworn testified:

I live at Keller. I know Ben and Cal Stewart. I lived at Holder a little while. I saw them on the day of the killing at the depot here in Ardmore. I do not know whether the train was on time or not. I heard a conversation between them there at the depot. Yes, I could state about the substance of that conversation.

Mr. Walker: One government object.

Mr. Potter: I think we should be allowed to ask this question, and will ask the court to rule.

Mr. Walker: I object to any conversation had between the defendant and the deceased on the day of the killing at twelve o'clock.

Mr. Potter: I expect it to be very material evidence. It will be in this respect. It will show the beginning of the trouble which led up to the killing.

By the Court: Objection over-ruled. Witness may answer.

Answer: Cal was after Ben about getting into trouble and drinking; that was about the substance of their talk. Ben was after him about that. It seemed that Cal was after Ben about drinking and getting into trouble the day before. About that time some one came along in a buggy and Cal said I want to see him and walked out to the street to see him. After he walked away he said to me Cal is calling me down and jumping on me and if he ain't careful I am going to call him, and I will call him when I do. About that time I heard a train whistle and Ben said I must get my grip, my gun is in it and it is the best friend I have. He then walked off down toward the express office. I do not know where his grip was. Cal was fidgeting at his mouth drinking and getting into trouble and Ben said he was going to call Cal. I would have come from there.

Cross by Mr. Walker: I do not know what I was doing a plow that morning. I was on my way home when I was at the depot. Ben and Cal were having some trouble. Cal was calling him down about the way he was acting and Ben said that he was going to call Cal. Said that he would call him. I do not know where his grip was but he said that he must get it because his gun was in it and it was the best friend he had. I went from there home. I ran a blacksmith shop there in Holder for a short time. I was a witness in the examining trial at Cal and Ben Stewart charged with the murder of Dr. Graham. I do not know what business I had up town on the morning of the killing of Ben Stewart. I do not know where I had been; just around in town. Was on my way home when I heard the conversation at the station.

Continued to Monday, September 17, at 1:30 p. m.

Chickasaw students can secure board, tuition and books for six months at a total cost of \$10 at Selvidge Business College.

Original laxative cough syrup, Kennedy's Laxative Honey and Tar. No Opates. Sold by Hoffman Drug Co.
